GREENVILLE NC AREA MPO ACTIVE TRANSPORTATION PLAN AND WINTERVILLE

The Greenville MPO, which Winterville is a member of, is working together to create better walking and bicycling connections in our communities by offering residents and visitors many options for walking and bicycling, through well-designed and beautifully maintained greenway trails, and through walkable, bicycle-friendly streets. People of all ages, abilities, and incomes will be able to safely and conveniently get to where they want to go.

The planning process includes input from the public, participation and direction from project stakeholders (see website below), and public presentations of draft and final plans.

HOW TO PREVENT SANITARY SEWER BACKUPS...

Did You Know...

Most sanitary sewer backups occur between your home and the Town's sewer main? You can help prevent a costly and unsanitary overflow by following a few simple steps:

DO

✓ Scrape excess grease in a container and dispose of it in the garbage.

✓ Place food scraps in waste containers or garbage bags for disposal with solid wastes, or start a compost pile; promote use of scraping ware prior to washing.

✓ Place a wastebasket in the bathroom to dispose of solid wastes. Disposable diapers, condoms, and personal hygiene products do not belong in the sewer system.

✓ Promote the concept of "3 R's": Reduce, Reuse, Recycle.

DO NOT

Ø Pour grease, fats, and oils from cooking down the drain.

Ø Use the toilet as a wastebasket.

Ø Use the sewer as a means of disposing food scraps.

Halloween Safety Tips

KEEPING YOUR CHILD SAFE

The Winterville Police Department encourages safety and supervision during the annual Trick-or-Treat season. It is especially important for parents to adhere to a few safety rules for their children when they are trick-or-treating.

- Know where your child/treaters' route
- Take a flashlight
- Be sure costumes, shoes, and treat bags are safe.
- Remind kids not to enter strangers' homes or cars.
- Set rules about not eating treats until kids get home. Be sure to inspect all treats before allowing kids to eat them.
- Candy that has been opened should be thrown away. Any homemade treats or fruit should be inspected closely.
- Remember drivers have a hard time seeing people, especially at dusk.
- Never cross the street from between parked cars.
- Watch open flames from jack-o-lanterns as they can catch costumes and long wigs on fire.
- Make sure that fake knives, swords, and guns are made from cardboard or other flexible materials to avoid accidental injury or worse, have them mistaken for the real thing!

MAKING YOUR HOME SAFE FOR TRICK OR TREATERS

It is also important to ensure that your home is safe and accessible to trick-or-treaters. As adults there are some very simple things we can do to make the evening safe everyone.

- Turn on your porch light.
- Move lit jack-o-lanterns off the porch where kids get bunched up if they are trick-or-treating in groups.
- Remove objects from your yard that might present a hazard.
- Drive slowly all evening-you never know what creature may suddenly cross your path.
- Report any suspicious or criminal activity to the police.

Have your child drop their letters off by **November 21, 2016** at either Winterville location. Please make sure that the letter has a return address and that the child's name is legible, if not please write the child's name and at least one item that they would like for Christmas so that Santa can properly address the desired item(s).
