Zumba

Perfect for everybody and every body! Each Zumba class is designed to bring people together to sweat it out.

How it works: We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you will see why Zumba Fitness classes are often called exercise in disguise.

Benefits: A total workout, combining all elements of fitness - cardio, muscle conditioning, balance and flexibility, boosted energy and a serious dose of awesome each time you leave class.

8-week session

Winterville Police Senior Watch Program

- The Winterville Police Department believes in a "neighbor helping neighbor" concept and that is why the Winterville Police Senior Watch Program has been created for our elderly.
- Through these partnerships, we will strengthen our relationships between our neighbors and neighborhoods.
- Members can sign up themselves or by family filling out an application. The application is available at the Winterville Police Department.
- The "Senior Watch" program is for seniors who may need our help. These seniors may not have family to check on them or provide some assistance. The Police Department would visit the senior on a scheduled basis to check on their welfare.
- Once the application is received by the Police Department and approved, it is entered into our database and a schedule would be setup for the senior. As a part of the application process, a police official would meet with the senior for introductions.
- Officers will not be able to assist with medications or transportation.

BEWARE OF THE GREASE GOBLIN

Did You Know...

Most sanitary sewer backups occur between your home and the Town's sewer main? You can help prevent a costly and unsanitary overflow by following a few simple steps:

Do

- ♦ Scrape excess grease in a container and dispose of it in the garbage.
- ♦ Place food scraps in waste containers or garbage bags for disposal with solid wastes or start a compost pile; promote use of scraping prior to washing.
- ♦ Place a wastebasket in the bathroom to dispose of solid waste. Disposable diapers, condoms, and personal hygiene products do not belong in the sewer system.
- ♦ Promote the concept of "3 R's": Reduce, Reuse, Recycle.

Do Not

- ♦ Pour grease, fats, and oils from cooking down the drain.
- ♦ Use the toilet as a wastebasket.
- ♦ Use the sewer as a means of disposing food scraps.
