

Citizens of Winterville:

The Town is currently under a State of Emergency but **NOT** a curfew.

The State of Emergency declaration is preemptive only and does not constitute a restriction on anyone's movements at this time. The only restrictions in place related to the COVID-19 situation are those enacted by Governor Cooper.

As the situation is changing rapidly, Town officials reserve the right to enact a curfew and/or other applicable means as deemed necessary at the time and allowed by law.

Thank you for your continued patience and stay safe!

Terri L. Parker, Town Manager
