Yoga

Mark your calendars for beginner friendly yoga! In these sessions, classes will be beginner friendly and accessible to everyone. You will work on connecting breath with movement allowing you to create more awareness of the body and mind. Classes will work through sequences helping improve balance, range of motion, flexibility, and overall physical and mental well-being. Variations of postures will be available to allow the student to make the practice their own. This class is great for people with no prior experience and those who already have a yoga practice. Participants are required to bring their own personal yoga mat to each class.

6-week session

Zumba

Perfect for every body and everybody! Each Zumba class is designed to bring people together to sweat it out.

How it works: We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you'll see why Zumba Fitness classes are often called exercise in disguise.

Benefits: A total workout, combining all elements of fitness - cardio, muscle conditioning, balance and flexibility, boosted energy and a serious dose of awesome each time you leave class.

6-week session
