School is back in session:

This means increased traffic and drive times. Please plan accordingly. School buses will be out twice a day and making frequent stops, so be vigilant; children will not be watching for you! When a school bus stops, so must all other traffic. Violations can result in fines, insurance points, and potentially license suspension. You will also see an increased presence of officers at the schools during drop off and pick up to ensure the safety of our children during these busy times.

Roundabouts...

- Improve safety for all road users by slowing vehicle speeds, reducing conflict points, and preventing head-on collisions
- Improve travel times & fuel efficiency (less unnecessary stopping!)
- Improve air quality (less idling!)

Winterville Police Senior Watch Program

- The Winterville Police Department believes in a "neighbor helping neighbor" concept and that is why the Winterville Police Senior Watch Program has been created for our elderly.
- Through these partnerships, we will strengthen our relationships between our neighbors and neighborhoods.
- Members can sign up themselves or by family filling out an application. The application is available at the Winterville Police Department.
- The "Senior Watch" program is for seniors who may need our help. These seniors may not have family to check on them or provide some assistance. The Police Department would visit the senior on a scheduled basis to check on their welfare.
- Once the application is received by the Police Department and approved, it is entered into our database and a schedule would be setup for the senior. As a part of the application process, a police official would meet with the senior for introductions.
- Officers will not be able to assist with medications or transportation.
